Strategic Growth Initiatives and Future Expansion Plans

- **Targeted Revenue Growth in Logistics**

Secured a 6-year, Rs 500M logistics services contract.

- **Introduction of Value-Added Warehousing Services**

Value-added warehousing expansion on hold due to macroeconomic instability.

- Continued progress in IT-enabled workspace expansion

- Expected revenue growth from investment portfolio, now valued at Rs 1 Billion.

- Targeting substantial enhancement in profitability by mid- 2027

- Strengthened balance sheet through cost control and long- term contracts

Strategic Growth Initiatives and Future Expansion Plans

- **Expansion of Solar Energy Capacity**

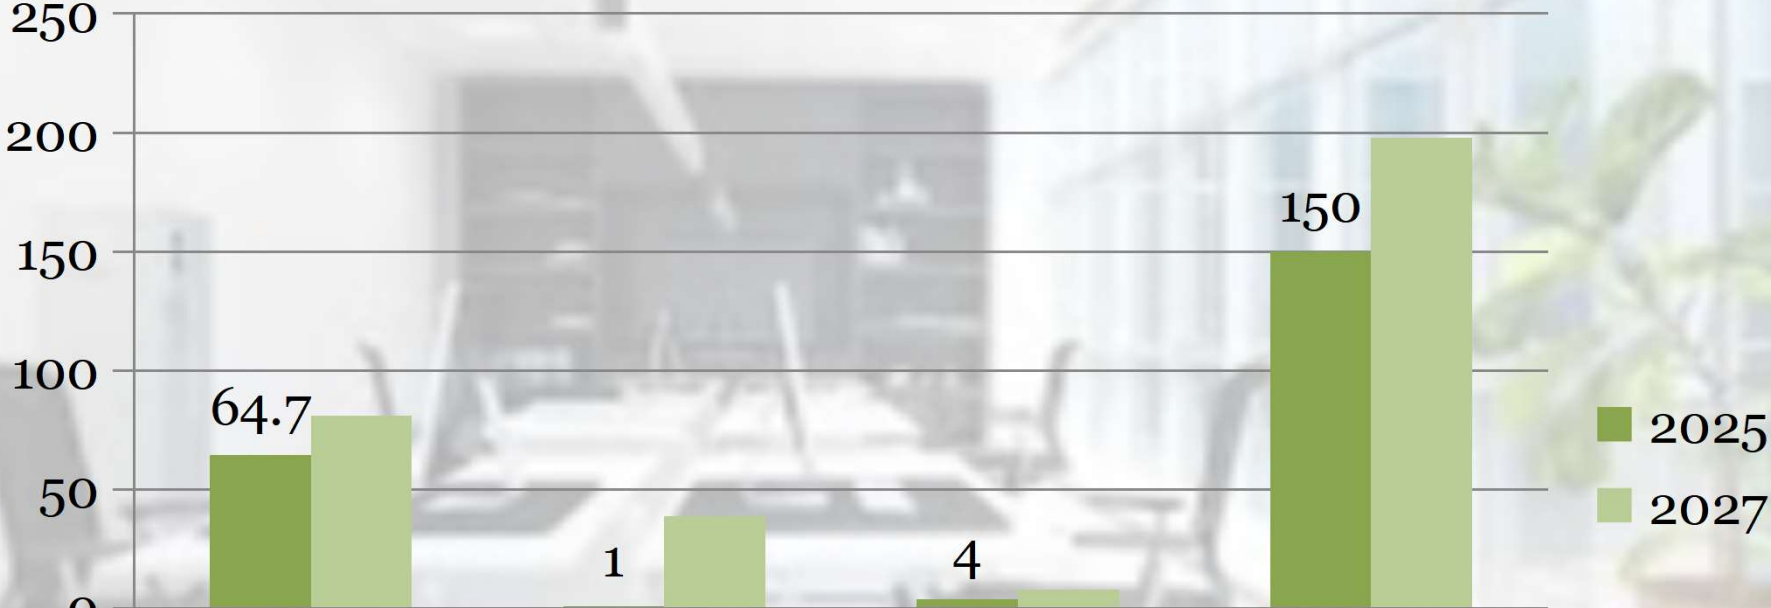

Our recently installed **250 kW solar system** fully powers our facilities, aligning with our sustainability goals. Planned expansion to **over 1,000 kW** was completed . This expanded capacity is now generating additional revenue, supported by our MoU with **Getz Pharmaceuticals**.

- **New Office Building and IT Business Ventures**

As we **completed** our new office building **50% of the space is sourced out** , the company is exploring entry into the IT sector by dedicating **remaining space for shared office space services**. This move will provide additional revenue streams and diversify our business portfolio.

- Continued revenue growth driven by logistics and solar verticals.
- Expected sharp increase in service-based recurring income.

Expected Revenue by mid of 2027 in Millions

	Warehousing	Solar power	Rental and data center IT	Investments
■ 2025	64.7	1	4	150
■ 2027	81	39	8	198

Achievement of Regulatory Relief and Milestone Growth in Market Capitalization

- **We're also happy to report that the Central Depository Company (CDC) penalties have been now under negotiation for a settlement of the remaining unjust charges.**
- **The talks are progressing well, and we're confident a fair resolution is on the horizon.**
- **As for the market, our capitalization has jumped from Rs.700 million to Rs.4 billion, reflecting strong investor confidence and the company's long-term growth potential.**

Sustainability & Environmental Impact Commitment to green expansion

Under our commitment to Corporate Social Responsibility, the company has successfully reduced **942,500 kg of CO₂** emissions to date.

This reduction represents a "dividend" to not only our shareholders but also future generations, contributing to a healthier and more sustainable environment.

Financial and Environmental Benefits

With our **250 KW solar installation** at Ali Asghar Textile, we've generated **1123 MW** of renewable energy so far, reducing operational costs and enhancing revenue.

Future Goals with 1 MW Solar Plant

Upcoming 1 MW Solar Installation

In partnership with **Getz Pharma** and **JS Bank**, we're installing a new **1 MW solar plant**.

Projected Impact Over 3 Years

This new plant is expected to increase CO₂ reduction to **millions of kg** over the next three years.

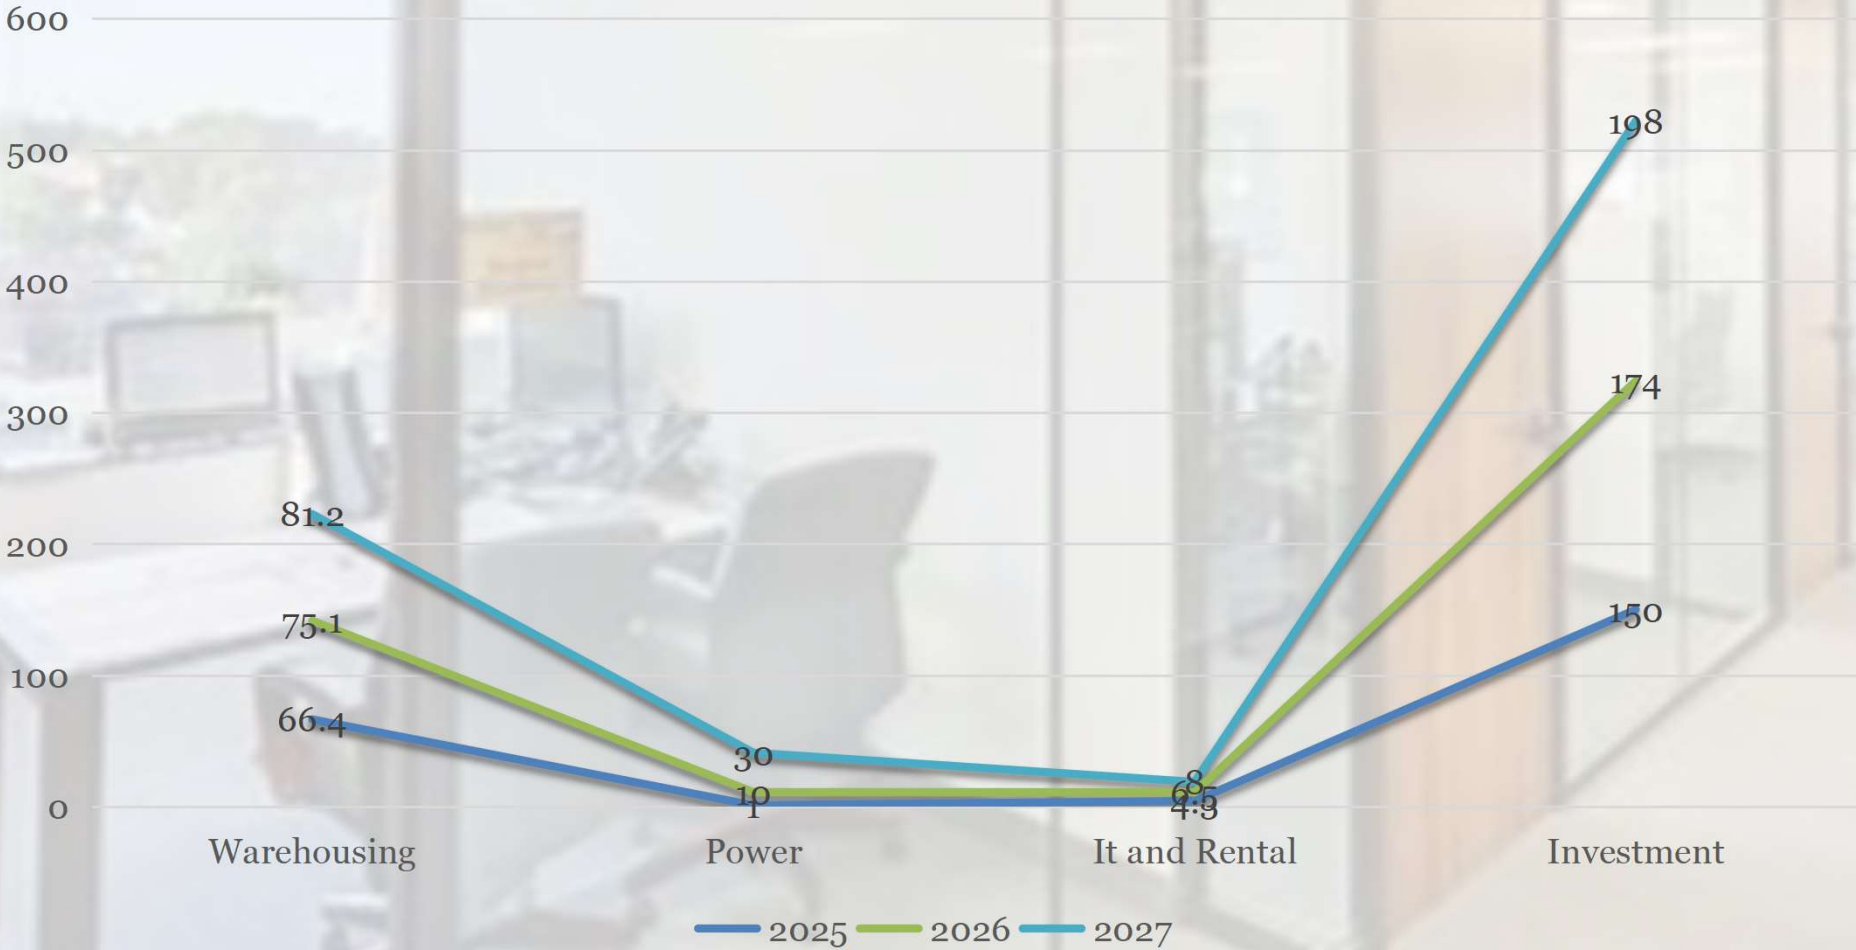

This effort aligns with our vision of sustainable growth, benefiting both the environment and our shareholders through long-term value creation.
